Service area

You are eligible for CCHP BadgerCare Plus coverage if you live in the following Wisconsin counties: Brown, Calumet, Dodge, Door, Fond du Lac, Forest, Green Lake, Kenosha, Kewaunee, Jefferson, Lincoln, Manitowoc, Marinette, Milwaukee,

Oconto, Oneida, Outagamie, Ozaukee, Racine, Rock, Shawano, Sheboygan, Vilas, Walworth, Washington, Waukesha, Waupaca, Waushara and Winnebago.

Your ForwardHealth card

Above is an example of the ForwardHealth identification card. Be sure to sign the back of your card and do not let anyone else use it.

You will use your ForwardHealth ID card to get your BadgerCare Plus, Medicaid SSI, Care4Kids, Children Come First or Wraparound Milwaukee benefits. Your ForwardHealth ID card is different from other CCHP program cards.

Always carry your ForwardHealth ID card with you and show it every time you receive care or fill a prescription. You may have problems getting care, prescriptions or medical supplies if you do not have your card with you. Also, bring any other health insurance cards you may have.

If you lose your card, call 1-800-362-3002 for a replacement.

Choosing a primary care provider

When you need care, it is important to call your primary care provider first. It is important to choose a primary care provider to manage all your health care. You can choose a primary care provider from the list of doctors accepting new patients, as marked in the CCHP Provider Directory. CCHP doctors are sensitive to the needs of many cultures. To choose a primary care provider or to change primary care providers, call our Customer Service Department at 1-800-482-8010.

Women may see a women's health specialist, such as an Obstetrician and Gynecologist (OB/GYN), nurse midwife or licensed midwife, without a referral, in addition to choosing from their primary care provider.

Changing your provider

If you are unhappy with the provider you are seeing, you can pick a different provider at any time. Call Customer Service at 1-800-482-8010 to help you choose a new provider.

Missed appointments

It is important that you and your family keep all of your health care appointments. If you are not able to keep an appointment, call your provider's office and let them know as soon as possible.

Second medical opinions

If you disagree with your provider's treatment recommendations, you may be able to get a second medical opinion for free with an in-network provider. A second medical opinion on recommended surgeries may be appropriate in some cases. Contact Customer Service at 1-800-482-8010 for information.

How to receive specialty, hospital and behavioral health care

Your primary care provider helps you coordinate all of your health care needs. If you need to see a specialist, a behavioral health provider or go to the hospital, your primary care provider can help you to find one of our many network specialists or hospitals. CCHP requires our members to use in-network providers if the service is a covered benefit.

If we do not have a provider that can help with you with a covered service, an out-of-network provider may be considered. For help finding a primary care provider or specialist, call Customer Service at 1-800-482-8010 or go to our website at chorushealthplans.org and click on "Find a Doc." You will need special permission to see any provider who is not a CCHP provider. If you see a provider who is not with CCHP, you will be billed for those services.

Emergency care

Emergency care is care that is needed right away. This may be caused by an injury or sudden illness. Some examples of reasons for emergency care are:

- Choking
- Serious broken bones
- Severe pain
- Severe or unusual bleeding
- Suspected heart attack
- Drug overdose
- Going into labor
- Trouble breathing
- Suspected stroke
- Unconsciousness
- Severe burns
- Seizures
- Suspected poisoning
- Prolonged or repeated seizures

If you need emergency care, try to go to a CCHP provider for help. If your condition cannot wait, go to the nearest provider (hospital, doctor or clinic). Call 911 or your local police or fire department emergency services if the emergency is very severe and you are unable to get to the nearest provider.

If you must go to a non-CCHP hospital or provider, call CCHP at 1-800-482-8010 as soon as you can to tell us what happened.

Remember: Hospital emergency rooms are for true emergencies only. Unless you have a true emergency, call your doctor or our 24-hour emergency number at 1-877-257-5861 before you go to the emergency room. If you do not know if your illness or injury is an emergency, call 1-877-257-5861.

A prior authorization is not required for emergency services.

Urgent care

Urgent care is care you need sooner than a routine doctor's visit. Urgent care is not emergency care. Some examples are:

- Bruises
- Minor burns
- Minor cuts
- Most broken bones
- Most drug reactions
- Bleeding that is not severe
- Sprains

You must get urgent care from CCHP doctors unless you first get our approval to see a non-CCHP doctor. Do not go to a hospital emergency room for urgent care unless you get approval from CCHP first.

CCHP on-call

Your primary care provider can always be called to answer your medical questions. You may also call CCHP on-call, our nurse line, at 1-877-257-5861. We have nurses on duty 24 hours a day, seven days a week to help answer your questions.

When should I use CCHP on-call?

- Before you go to the emergency room (If the emergency is life threatening, call 911)
- For any general health questions or concerns
- If your child has a fever
- If your child sprains an ankle
- If you need help deciding where to go for help
- If you have a skin irritation or rash
- If your child has a scrape or cut
- Any time you have a question about where to go for your health care

Why should I use CCHP on-call?

- The nurses can help you get the care that is right for you and your family.
- They can advise you on the proper treatment to keep you and your family healthy.

Who will answer my health care questions?

- Trained nurses answer all of your medical questions.
- They may ask you to describe the symptoms or problems you are having.

- They will help you decide how to get the best treatment possible for you and your family.
- They can help you understand how to access care through CCHP.

Doctor consultations

If needed, the nurses can also connect you to one of our CCHP on-call doctors. You can receive advice from one of our doctors from the comfort of your home, office or on the go. Our doctors can even write prescriptions!

The doctors may be able to diagnose your condition, provide at-home treatment advice and send a prescription (if appropriate) to your local participating pharmacy for common conditions, such as:

- Colds and flu
- Pink eye
- Sore throat
- Bronchitis
- Sinus or ear infections
- Nausea and vomiting
- Urinary tract infections

Case management

CCHP offers dedicated case management services to members with challenging health and social conditions that prevent them from reaching their optimal level of health and wellness. The program is free, voluntary and member-centered. The goal is to maximize the member's health, wellness, safety, physical functioning, adaptation, health knowledge, coping with chronic illness, engagement and self-management abilities.

We support our members and/or their caregivers with management tools and educational opportunities through our case management programs. We offer a care team who provides members with education, self-management support and connection to resources. The program's goal is to enhance members' ability to manage their condition(s) and improve overall health outcomes and quality of life.

To learn more about these resources, please call (414) 266-3173.

How to get medical care when you are away from home

Out-of-area means more than 50 miles away from our service area. For help with out-of-area services, call customer service at 1-800-482-8010 or an enrollment specialist at 1-800-291-2002.

Follow these rules if you need medical care but are too far away from home to go to your primary care provider or clinic:

- For severe emergencies or urgent care, go to the nearest hospital, urgent care clinic or provider.
- For routine care away from home, you must get approval from us to go to a different provider, clinic or hospital. This includes children who are spending time away from home with a parent or relative.
- Call Customer Service at 1-800-482-8010 from 7:30 a.m. to 5 p.m. Monday through Thursday or 8 a.m. to 4:30 p.m. Fridays.

Care during pregnancy and delivery

If you become pregnant, let CCHP and your income maintenance (IM) agency know right away. This is to make sure you get the care you need. Pregnant women have no copayment.

You must go to a CCHP hospital to have your baby. Talk to your provider to make sure you understand which hospital you should go to when it's time to have your baby.

Do not go out of the area to have your baby unless you have CCHP approval. Your CCHP doctor knows your history and is the best doctor to help you. Also talk to your doctor if you plan to travel in your last month of pregnancy. We want you to have a healthy birth and a good birthing experience, so it may not be a good time to be traveling.

Healthy Mom, Healthy Baby program

CCHP wants you to have a healthy pregnancy and a healthy baby. We offer a program called Healthy Mom, Healthy Baby that is free for all members. The program helps pregnant women get the support and services needed to have a healthy baby. Services are provided by social workers or nurses who have

a special background in providing services for pregnant moms and families.

We will be happy to give you more information and set you up with an appointment with one of our care coordinators. To learn more about Healthy Mom, Healthy Baby, please call us at (414) 337-BABY (2229) or email us at Healthymomhealthybaby@chorushealthplans.org.

When you may be billed for services

Covered and non-covered services

Under BadgerCare Plus, Medicaid SSI, Children Come First and Wraparound Milwaukee, you do not have to pay for covered services other than required copayments. The amount of your copay cannot be greater than it would have been in fee for service. To help ensure that you are not billed for services, you must see a provider in CCHP's network. The only exception is for emergencies. If you are willing to accept financial responsibility and make a written payment plan with your provider, you may ask for non-covered services. Providers may bill you up to their usual and customary charges for non-covered services.

If you travel outside of Wisconsin and need emergency services, health care providers can treat you and send claims to CCHP. You may have copayments for emergency services you receive outside of Wisconsin. Claims should be sent to:

Chorus Community Health Plans
P.O. Box 56099
Madison, WI 53705

If you get a bill for a service you did not agree to, please call 1-800-482-8010.

Non-covered services

CCHP only provides services that are covered by BadgerCare Plus. Non-covered services include (but not limited to):

- Service that need approval (prior authorization) before you get them
- Items such as televisions, radios, lift chairs, air conditioners, and exercise equipment (even

if prescribed by a provider) and procedures considered experimental or cosmetic in nature

- Nursing home residents
- Pregnant women
- Members under 19 years old who are members of a federally recognized tribe
- Members under 19 years old with incomes at or below 100 percent of the federal poverty level

The State of Wisconsin is always reviewing new technology as it becomes available and will let CCHP know if the service will be covered.

Copayments

Under BadgerCare Plus, CCHP and its providers and subcontractors may bill you small service fees, called copayments. The following members do not have to pay copayments:

Some services require you to pay a part of the cost of a service. This payment is called a “copayment.” Here is a list of covered services and any copayments:

CCHP does not cover any services, including emergency services, provided outside the United States, Canada and Mexico. If you need emergency services while in Canada or Mexico, CCHP will cover the services only if the doctor's or hospital's bank is in the United States. Other services may be covered with CCHP approval if the provider has a U.S. bank. Please call CCHP at 1-800-482-8010 if you get emergency services outside the United States. If you get a bill for services, call our Customer Service at 1-800-482-8010 right away.

Other insurance

If you have other insurance in addition to CCHP, you must tell your provider. Your health care provider must bill your other insurance before billing CCHP. If your CCHP provider does not accept your other insurance, call the HMO enrollment specialist at 1-800-291-2002. The HMO enrollment specialist can tell you how to match your HMO enrollment with your other insurance so you can use both insurance plans.

We will help you choose a CCHP family planning doctor who is different from your primary care physician.

We encourage you to get family planning services from a CCHP doctor so that we can better coordinate all your health care. However, you can also go to any family planning clinic that will accept your ForwardHealth ID card, even if the clinic is not part of CCHP.

Dental services

For members living in Kenosha, Milwaukee, Ozaukee, Racine, Washington and Waukesha counties, CCHP provides all covered dental services. You must go to a CCHP dentist. See the Provider Directory or call Dental Customer Service at 1-877-389-9870 for the names of our dentists. Care evaluation/health needs assessment

As a member of CCHP, you may be asked to talk with a trained staff member about your health care needs. CCHP will contact you within the first 60 days of you being enrolled to schedule a time to talk about your medical history and the care you need. It is very important that you talk with CCHP so

that you can get the care and services you need. If you have questions or would like to contact CCHP directly to schedule a time to talk about your health care needs, please call (414) 266-3173.

HealthCheck

HealthCheck is a program that covers complete health checkups, including treatment for health problems found during the checkup, for members younger than 21 years old. These checkups are very important. Providers need to see those younger than 21 years old for regular checkups, not just when they are sick.

The HealthCheck program has 3 purposes:

1. To find and treat health problems for those younger than 21 years old
2. To let you know about the special health services for those younger than 21 years old
3. To make those younger than 21 years old eligible for certain health care services not otherwise covered

The HealthCheck checkup includes:

- Age-appropriate immunizations (shots)
- Blood and urine lab tests (including blood lead level testing when age-appropriate)
- Dental screening and a referral to a dentist beginning at 1 year old
- Health and developmental history
- Hearing screening
- Physical examination
- Vision screening

CCHP provides HealthCheck exams at the enhanced periodicity schedule recommended by the American Academy of Pediatrics (AAP) for children in out-of-home care. Your child will receive a HealthCheck exam:

- Every month for the first six months of age
- Every three months from 6 months to 2 years of age
- Twice a year after 2 years of age

To schedule a HealthCheck exam or for more information, call Customer Service at 1-800-482-8010.

If you need a ride to or from a HealthCheck appointment, please call the Department of Health Services (DHS) non-emergency medical transportation (NEMT) manager at 1-866-907-1493 (or TTY 1-800-855-2880) to schedule a ride.

Quality assurance

CCHP's goal is to provide quality, coordinated and accessible health care services. The Quality Assurance Program keeps an eye on our plan. We do this to make sure we are meeting your health care needs. We may ask for your opinion in a survey related to your satisfaction with the health care and services you get. We are always working to make our services better for you. Quality assurance also includes planning, starting and monitoring programs to be sure that your safety and health needs are being met. An example of one of our programs is sending postcards reminding parents or guardians to have each child receive a HealthCheck exam.

Transportation services

Non-emergency medical transportation (NEMT) is available through the Department of Health Services NEMT manager. The NEMT manager arranges and pays for rides to covered services for members who have no other way to receive a ride. Non-emergency medical transportation can include rides using:

- Public transportation, such as a city bus
- Non-emergency ambulances
- Specialized medical vehicles
- Other types of vehicles, depending on a member's medical and transportation needs

Additionally, if you use your own private vehicle for rides to and from your covered health care appointments, you may be eligible for mileage reimbursement.

You must schedule routine rides at least two business days before your appointment. You can schedule

a routine ride by calling the NEMT manager at 1-866-907-1493, TTY: 1-800-855-2880, Monday through Friday, from 7 a.m. until 6 p.m. You may also schedule rides for urgent appointments. A ride to an urgent appointment will be provided in three hours or less.

Pharmacy services

Your provider may give you a written prescription for medicine. You can get your prescription filled at any pharmacy that is a provider for BadgerCare Plus. Remember to show your ForwardHealth ID card to the pharmacist when you get a prescription filled. Your pharmacy benefits are covered by the State of Wisconsin, not CCHP. If you need help filling a prescription, contact ForwardHealth Member Service at 1-800-362-3002. You may have copayments or limits on covered medications.

If you move

If you are planning to move, contact your current Income Maintenance (IM) agency. If you move to a different county, you also must contact the IM agency in your new county to update your eligibility for BadgerCare Plus.

If you move out of CCHP's service area, call the HMO enrollment specialist at 1-800-291-2002. The HMO enrollment specialist will help you choose a new HMO that serves your new area.

HMO exemptions

Generally, you must enroll in an HMO to get health care benefits through BadgerCare Plus and Medicaid SSI. An HMO exemption means you are not required to join an HMO to get your health care benefits. Most exemptions are granted for only a short period of time, primarily to allow you to complete a course of treatment before you are enrolled in an HMO. If you think you need an exemption from HMO enrollment, call the HMO enrollment specialist at 1-800-291-2002 for more information.

Getting help when you have questions or problems

CCHP Member Advocate

CCHP has a Member Advocate to help you get the

care you need. You should contact your Member Advocate for help with any questions about benefits and services. The Member Advocate can also assist you with any problems you may have getting care. You can reach the Member Advocate at 1-877-900-2247.

Enrollment specialist

To get information about what managed care is and other managed care choice counseling, you can call the HMO enrollment specialist at 1-800-291-2002 for assistance.

State of Wisconsin HMO Ombuds Program

The state has designated Ombuds (individuals who provide neutral, confidential and informational assistance) who can help you with any questions or problems you have as an HMO member. The Ombuds can tell you how to get the care you need from CCHP. The Ombuds also can help you solve problems or complaints you may have about the CCHP program or CCHP. Call 1-800-760-0001 and ask to speak to an Ombuds.

Filing a grievance or appeal

Grievances

A grievance is any complaint about CCHP or a health care provider that is not related to a denial, limitation, reduction or delay in your benefits. Grievance topics include things like the quality of services you were provided, rudeness from a provider or an employee and not respecting your rights as a member.

We would like to know if you ever have a grievance about your care at CCHP. Please call CCHP's Member Advocate at 1-877-900-2247, or write to us at the following address if you have a grievance:

Chorus Community Health Plans
Attn: Complaint/Appeal Department
PO Box 1997, MS6280
Milwaukee, WI 53201-1997

If you want to talk to someone outside CCHP about the problem, call the HMO enrollment specialist at 1-800-291-2002. The HMO enrollment specialist may

be able to help you solve the problem or write a formal grievance to CCHP.

The address to file a grievance with BadgerCare Plus:

BadgerCare Plus
Managed Care Ombuds
P.O. Box 6470
Madison, WI 53716-0470
1-800-760-0001

You may file a grievance at any time. You will not be treated differently from other members because you file a complaint or grievance. Your health care benefits will not be affected.

Appeals

An appeal is a request for a review of an adverse benefit determination. An adverse benefit determination is any of the following:

- CCHP plans to stop, suspend or reduce a service you are currently getting.
- CCHP decides to deny a service you asked for.
- CCHP decides not to pay for a service.
- CCHP asks you to pay an amount that you don't believe you owe.
- CCHP decides to deny your request to get a service from a non-network provider when you live in a rural area that has only one health maintenance organization.
- CCHP fails to arrange or provide services in a timely manner.
- CCHP fails to meet the required timeframes to resolve your grievance or appeal.

You have the right to appeal if you believe your benefits are wrongly denied, limited, reduced, delayed or stopped by CCHP. Your authorized representative or your provider may request an appeal for you if you have given them consent to do so. When requesting an appeal, you must appeal to CCHP first. The request for an appeal must be submitted no more than 60 days after you receive notice of services being denied, limited, reduced, delayed or stopped.

If you need help writing a request for an appeal, please call the CCHP Member Advocate at 1-877-900-2247 or the BadgerCare Plus and Medicaid SSI Ombuds at 1-800-760-0001, or the HMO enrollment specialist at 1-800-291-2002.

If you disagree with the decision about your appeal, you may request a fair hearing with the CCHP's Wisconsin Division of Hearing and Appeals. The request for a fair hearing must be made no more than 90 days after CCHP makes a decision about your appeal.

If you want a fair hearing, send a written request to:

Department of Administration
Division of Hearings and Appeals
P.O. Box 7875
Madison, WI 53707-7875

The hearing will be held with an administrative law judge in the county where you live. You have the right to be represented at the hearing, and you can bring a friend for support. If you need a special arrangement for a disability or for language translation, please call 1-608-266-3096 (voice) or 1-608-264-9853 (hearing impaired).

If you need help writing a request for a fair hearing, please call either the BadgerCare Plus and Medicaid SSI Ombuds at 1-800-760-0001 or the HMO enrollment specialist at 1-800-291-2002.

You will not be treated differently from other members because you request a fair hearing. Your health care benefits will not be affected.

You may request to have the disputed services continued while the CCHP appeal and State fair hearing process are occurring. The request to continue services must happen within 10 days of receiving the notice that services were denied or changed, or before the effective date of the denial or change in benefits. You may need to pay for the cost of services if the hearing decision is not in your favor.

Affirmative statement

Chorus Community Health Plans (CCHP) wants their members to get the best possible care when they need it most. To ensure this, we use a prior authorization process, which is part of our Utilization Management (UM) program. UM decision-making is based only on appropriateness of care and service, and existence of coverage. CCHP does not reward practitioners or other individuals for issuing denials of coverage. Financial incentives for UM decision-makers do not encourage decisions that result in underutilization.
