

Copayments

Under BadgerCare Plus, CCHP and its providers and subcontractors may bill you small service fees, called copayments. The following members do not have to pay copayments:

- American Indians or Alaskan Native Tribal members, children or grandchildren of a tribal member, or anyone who can get Indian Health Services. Age and income do not matter. This applies when getting items and services from an Indian Health Services provider or from the Purchased and Referred Care program.
 - Children in foster care or adoption assistance. Youth who were in foster care on their 18th birthday don't have to pay any copays until age 26.
- Nursing home residents
 - Pregnant people
 - Members under 19 years old who are members of a federally recognized tribe
 - Members under 19 years old with incomes at or below 100 percent of the federal poverty level
 - Members who join by Express Enrollment
 - Terminally ill members receiving hospice care

Some services require you to pay a part of the cost of a service. This payment is called a copayment. Here is a list of covered services and any copayments:
